

BOSCOM CATEGORY 6A

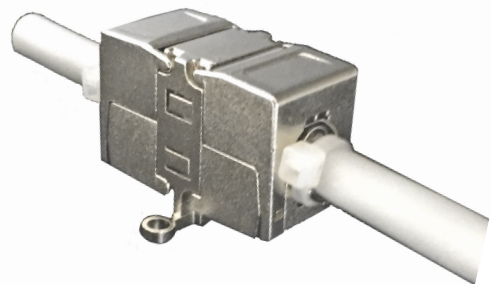

Field Termination Coupler 10Gb Tool-Less IDC

Product Description

The BOSCOM CAT6_A Field Termination Coupler is ISO11801 Class E_A Channel Compliant with quick Tool-less IDC termination, backward compatible with Cat6 and Cat5e. Boasting 500Mhz frequency for up to 10Gb of data file transfer while the robust Die-cast metal case provides protection against Alien Cross Talk [AXT].

Product Features

Frequency	1-500Mhz
Compatible conductors	22-26 AWG
Pin-pair assignment	Pin - Pin
Contacts	Phosphor Bronze, Tin Plated
Termination blocks	Tool-less IDC
Cable re-termination	10 times

Configuration

Product Code	Item	Material
C6ACIDC	CAT6 _A Field Coupler Tool-Less IDC	Zinc-Alloy, Nickel Plating

Standards and Compliance

- ISO/IEC 11801 Class E_A
- ANSI/TIA-568-C.2
- IEEE 802.3 PoE+
- UL94 V-0 flame retardant, UV resistant
- ACMA
